THE ADMINISTRATIVE CODE OF ABEC REQUIRES THE FOLLOWING:

Supervision of an ALC by a Supervising Counselor (SC) must include a minimum of 100 total hours annually. At least 50 of the 100 hours must be “direct” (one-to-one, face-to-face, in-person, individual) supervision devoted to oversight of care provided by the ALC to clients. In this supervision category, the SC and ALC must be physically present in the same location unless an exception is authorized in the approval of the PPOS.

The “other” category of supervision can be, at most, 50 of the 100 hours annually, but is not necessarily intended to duplicate the characteristics or purpose of one-to-one, face-to-face, in-person individual supervision. However, **no form of “other” supervision is allowed without the presence of an ALC’s approved SC.**

Supervision provided for a period of time less than a full year must be a minimum weekly average of two (2) hours which must include at least fifty percent (50%) of one-to-one, face-to-face personal individual supervision.

Both the SC and the ALC have responsibility for maintaining records of supervision sessions and records of direct and indirect counseling service. These records may be examined, on request, by the Board.

- ▶ List supervision methods/techniques and hours of supervision to be provided annually.
 - 1) Direct (one-to-one, face-to-face, in-person) methods/techniques and hours of one-to-one supervision: (e.g., live observation, cocounseling/therapy, etc.)

We, the undersigned, confirm our understanding of the following:

- 1) Associate Licensed Counselor (ALC) may not accrue supervised experience until the ALC license has been issued.
- 2) Supervision under this Plan may only be provided by the Supervising Counselor (SC) named in this Proposed Plan of Supervision (PPoS) (i.e., supervision and/or experience supervised by any other supervisor may not accrue toward licensure requirements).
- 3) Supervisee shall accrue no supervised experience toward licensure during any period of licensure inactivation or discontinuous licensure by the SC.
- 4) Supervisee shall accrue no supervised experience toward licensure during any period of licensure inactivation or discontinuous licensure by the ALC.
- 5) SC will file an annual supervision progress report on the anniversary of the issue date of the ALC license.
- 6) Immediately upon termination of the supervisory relationship, the SC must file a Final Supervision Progress Report.
- 7) The ABEC regulations require both parties identified in the PPoS to maintain logs to document the supervised practice of the ALC by the SC. These logs are to be available for review by both parties to verify data contained in supervision reports. Any disputes concerning the content of supervision progress reports must be resolved by the ALC and SC before the submission of the report to the ABEC.
- 8) **The ABEC will not arbitrate or resolve any disagreement concerning the content of supervision progress reports or evaluations.**
- 9) Failure to comply with the Code of Alabama, the ABEC Administrative Rules, and the ABEC Code of Ethics and Standards of Practice may affect both the ALC's and SC's licensure status with the ABEC.
